5-CHANNEL ADA CABLE RAMP

Raiden Heavy-Duty Cable Ramps – Ultimate Protection for Cables & Hoses

✅**Superior Strength & Durability** – Built to withstand heavy truck traffic without losing integrity.
✅**Reliable Protection** – Securely shields electrical cables and hoses in demanding environments.

Why Choose Raiden Cable Ramps?

- **Tough & Long-Lasting** – Crafted from premium materials with reinforced designs
- **Safe & Convenient** – Facilitates vehicle passage while protecting cables
- **Perfect for All Events** – Ideal for outdoor festivals, industrial exhibitions, and more

Raiden Cable Ramps deliver uninterrupted performance, ensuring your cables stay safe while vehicles move freely. Engineered for reliability, built for the toughest environments.

Channel Size (W × H)	Height (mm)	Width (mm)	Length (mm)	Self-weight	Max Load per Axle	Connector Type
68 × 60 mm	90 mm	1440 mm	900 mm	106.9 lbs	22,490 lbs	3 T-Bone Connector

*Material: Virgin-grade rubber for maximum flexibility and long-term durability, combined with a TPU-infused rubber compound to enhance impact resistance and load-bearing capacity.
